

Hobby Horse Farms

July 2016 Newsletter

It's been one busy summer around Hobby Horse Farms with horse camps and shows.

Horse Camp

We kicked off summer with three weeks of fabulous and fun horse camps for the kids. Jenna, JC and the junior counselors did an amazing job coaching campers, setting up courses and taking the students on trail rides.

The learning continued throughout each week with several demonstrations from experienced and professional riders. It's safe to say that each child left the barn happy and exhausted every day!

Summer Shows

Hobby Horse Farms hosted two successful CHJA shows this summer! The weather was perfect and the barn was buzzing with excitement.

Thank you to our incredible show staff-fabulous show manager/course designer, our two lovely show secretaries, our two fabulous gate gals, and ring crew extraordinaires and for making the shows run smoothly.

If you have missed any of the fun events happening this summer at Hobby Horse Farms, don't worry! There are several more summer events coming soon.

The Hobby Horse Farms riders will be representing their barn at the Copper Penny horse show in Estes Park and

there is one more week of horse camp for new and experienced young riders. See the events page for more information and have a happy summer!
